CHARGED WITH OBTAINING MONEY UNDER PRETENSES.

Postal Inspectors Arrest Managers of Rental Company for Alleged Fraudulent Use of the Mails.

Arthur Boenert, Theodore Stegner and Phil G. Brb were arrested yesterday by Deputy United States Marshal J. J. Williams, charged with using the mails in an attempt to defraud. They were unable to give bond and were placed in jail pending their hearing, which is set for this morning.

The men, who have had offices in the Laciede building, have been managers of a corporation known as the Missouri Rental Company. This concern, according to information received by the Post-Office authorities, has been in operation since early in March, and has been represented to be in charge of saveral hoteis in the city. It was incorporated with a capital of \$10,000, and sold considerable stock to persons in St. Louis, it is said, representing to those who bought that they would be given positions in the hoteis controlled by the company at salaries commensurate with the amount of stock purchased. An investigation made by inspectors J. L. Stice and W. L. Piatt is said to have revealed the fact that the company had no controlling interest in any hotel in the city. They learned, they say, that a hotel at No. 4128 Pine street had been in charge of the company for several days, but that the rent was not paid and the hotel was taken from them.

During the time this hotel was rented by the company one of the woman stockholders had a position. She says that she was not paid for her services.

Boenert and Stegner were arrested by the local authorities Monday charged with obtaining money under false pretense. They were released on bonds yesterday.

It is said that the men also were operating a mining company called the Jackson Consolidated Mining Company of Utah. Biogner cams to St. Louis from Kansas City, where he was engaged in the brokerage business. The men, who have had offices in the
